# Why AAA?

### Founders are Fund Managers

• Rajesh Kothari, Founder of the firm is the Chief Investment Officer of AAA PMS.

### Longevity

• 15 years of existence as a boutique investment management firm, a rarity in the industry

### No Conflict of interest

• AAA is only into PMS & Investment advisory and not into other businesses like broking, wealth management, etc. Hence, no conflict of interest for the clients.

### Competence

• Both Rajesh and Govind bring in more than 38 years of fund management experience, and the investment team has a collective experience of over 130 years. Successfully navigated various phases of unknown events like Demonetisation, Pandemic, geo-political events, etc.

### **Award Winning Track Record**

• AAA IOP PMS received the **Best 10 year Performance Award four times** (Rank 3 - 2024, Rank 2 - 2023, Rank 3 - 2021, Rank 2 - 2020) for delivering superior risk adjusted returns across categories by PMSAIF World (data analysed by IIM Ahmedabad).

# Investment Philosophy Protecting Capital - DSD Mechanism

**DIVERSIFICATION** 

Three important risks: Governance, Technology and Business cycle - can be reduced only by Diversification. We invest across market cap, sectors, and companies to reduce company/sector specific risk.

STAGGERED APPROACH

We build the portfolio over a period of time. We do not follow Model portfolio approach.

DISCIPLINED EXIT STRATEGY

We have a disciplined Exit strategy. We sell/reduce due to rebalancing of the portfolio, change in growth assumption of our portfolio company, expensive valuations.

# Investment Philosophy Creating Wealth - 3M Approach

### **Market Size**

Market size determines size of opportunity. We prefer companies which are targeting large market size to generate exponential returns.

### **Market Share**

We buy the companies which are leaders in their sector as they are best positioned to navigate upturn and downturn of the economy.

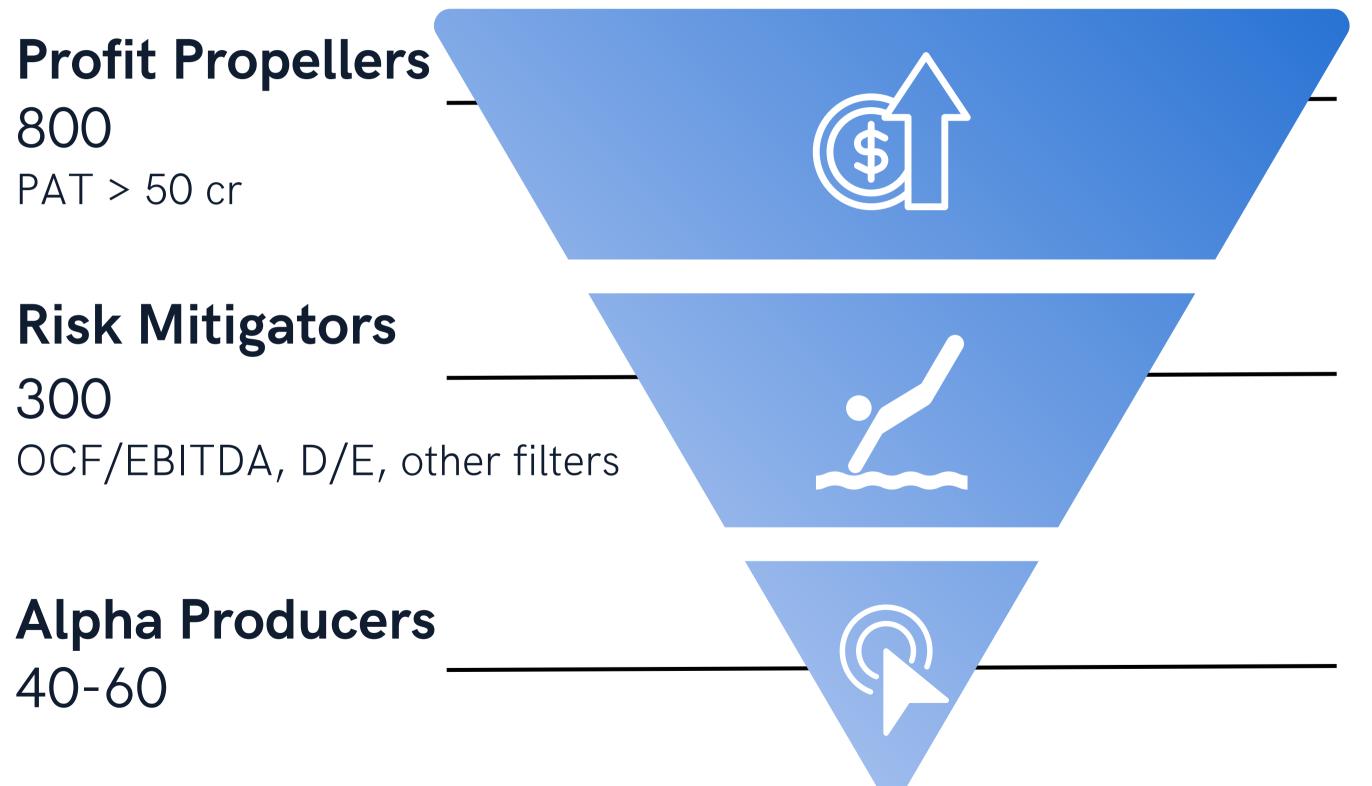

03

### Margin Of Safety

Price is what you pay. Value is what you get. We buy the companies which are available at reasonable valuations.

# Investment Process: Simplified

### **Screening Stage**

Companies which have a good corporate governance, strong business moats along with a reasonable profit size

### **Deep Dive Stage**

Companies which are market leaders and effectively positioned to grow and multiply

### **Selection Stage**

Companies with strong earnings growth prospects and right valuations

## Internal Checks

### **Forensic Assessment**

### **Management Practices**

To assess governance

#### **Quality of Cashflow**

Ability to convert the revenue to cash and re-invest into the business

### **Accounting Policies**

Assess the consistency and fairness of the accounting policies

#### **Taxation Mischiefs**

Identify the potential fraud

# Internal Checks Longevity Assessment

### Longevity of business growth

Sustenance of revenue and earnings growth & Assessing competitive advantage

Identify financial strength

### Longevity of return ratios

Gauging business profitability and efficiency

### Longevity of reinvestment

Intensity to generate Self sustaining growth

#### We exit when....

# **Exit Strategy**

1

There is a need to rebalancing weights for risk management purposes

2

A company no longer meets our buy/hold criteria

3

A company no longer meets our valuations criteria

4

There is no longer a durable double digit return expectation for a company's stock

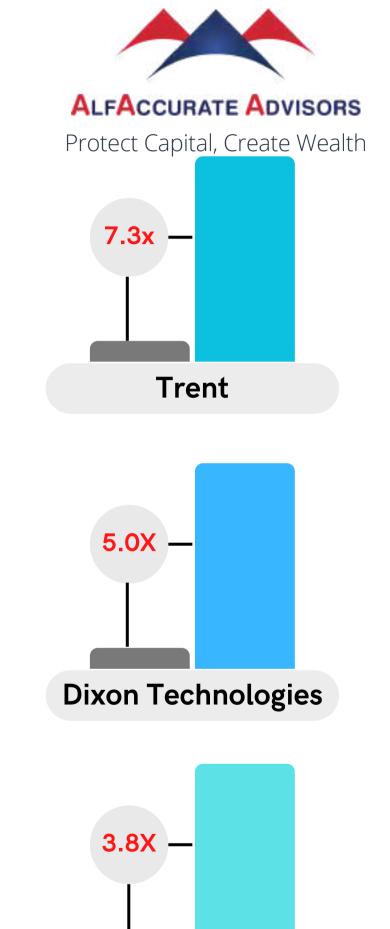

5

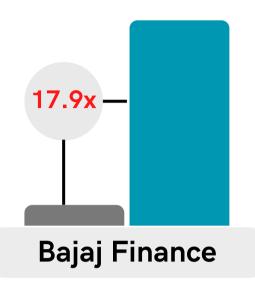

There is a more compelling investment opportunity to fund

The only constant is change. The average lifespan of a company listed on the S & P 500 has reduced from 90 years in 1935 to 18 years, as per a McKinsey report. We are agile, and active, never letting our guard down.
